- X) Fairfield County Soil & Water – Jonathan Ferbrache
 - a) Fairfield County is currently reviewing their County-wide Floodplain Regulations and will schedule and publish hearings in the near future with the Commissioners.

- b) Following the completion of that process the discussion on the north Walnut Township area, specifically impacting the South Fork Licking River area, will begin again. Inquiries should be sent to the Regional Planning Commission directly.

XI) Perry County Soil & Water – David Snider

- a) It would appear that Licking SWCD will be the principal sponsor for the Grosse Brothers 319 treatment wetland going forward. I believe they intend to construct it this fall.
- b) The Honey Creek 319 streambank stabilization grant is almost ready for signatures. We are waiting on landowner approval of a construction easement. Designs can. Egin shortly thereafter with an optimistic construction period of fall of 2024, but more likely 2025.

XII) New Business

Motion to adjourn
