

Minutes

South Licking Watershed Conservancy District

June 21, 2016 (Tuesday) at 6 pm.

Call to Order by Chairman Dan Blatter and everyone stood for the pledge of Allegiance

Roll Call – Linda Nicodemus, Dan Blatter

Visitors – Jeff Martin

Minutes – May 17, 2016 - Dan read the minutes clarified some of the changes and made a motion to approve with changes discussed and Linda Nicodemus seconded – All voted and the motion passed.

Treasurer's Report – \$2,055.41

Maps of the watershed – no new changes to the last draft.

Old Business

Finding another Director – Jonathan Ferbrache with Fairfield County Soil & Water Conservation District gave Dan three names: Jeff Martin, John Slater and Jim Davis. Jeff Stated that he will help out when he can but he doesn't want to commit to being a director. Dan stated that he would call the other names.

Set of directives – We need to get the final director before this but historically the main priority has been flooding. Dan wants to research what the directives should be.

The Directors would like to actually walk the watershed and assess the condition of the river, creeks, streams and ditches. Jeff gave several suggestions of people who could help.

There was some discussion of the weir (a ditch that allows the water to overflow) and the feeder canal near Kirkersville and the weir has been damaged due to the feeder creek not being maintained.

Letter to the Watershed Entities- final draft – Dan like the letter but thinks we should wait until the last director is found. It is ready other than adding the next meeting date.

New Business

July meeting – Dan made a motion to cancel the meeting due to Linda Nicodemus is to attend National Emergency Institute Community Rating System training the week of July 19, 2016. Linda seconded and all voted in favor – motion passed.

We need a list of the properties that are in the floodplain throughout the watershed. Linda will contact Brad Mercer with Licking County Planning to see if he can get this information. Possibly how many are paying flood insurance and how many claims have been filed.

Jeff showed and discussed old maps and plans for retention areas and proposed plans from the old South Licking Watershed Conservancy District.

Motion to adjourn @ 7:18 pm

Next Meeting: **August 16, 2016 (Tuesday), 6 pm**

Village of Hebron Municipal Complex in Council Chambers

934 W. Main Street, Hebron
